Job Title - **Chief Design Officer at GrabOn**

Number of Vacancies - 1

Job description-

GrabOn has seen tremendous growth in the past 1 year, and is now the fastest growing Coupons and Deals website in India. With an Alexa rank of 290, and with 5 Million Unique Monthly visitors, GrabOn has become a brand across India.
In light of that, we are looking for a leader and a creative genius who can take control of the brand. We are looking for a person who can maintain the brand integrity of GrabOn, and catapult the growth of the company.

Typical work activities-

- Working closely with the CEO to develop cohesive and productive goals for the company and designing ways to meet them.

- Leads the creative team and directs project completion in line with company goals.

- Maintaining consistency over the quality of the creative's output.

- Inspires the creative team to more advanced and better work using brainstorming sessions, team meetings, and other strategic tools.

- Staying abreast of emerging design trends and implementing brainstorming sessions and team meetings.

Expertise in-

- User-interface designing using Adobe Photoshop for both Mobile and Web.

- Graphic designing using Adobe Illustrator including SVG and/or EPS.

- Modern tools and design guidelines related to a product based company.

- Design wire-framing tools (Balsamiq), design collaborating tools (InvisionApp).

- User Experience Design, Wireframing, Leadership, Visual Design, Adobe Creative Suite, UI/UX Design, Adobe Photoshop, Adobe Illustrator.

Additional Requirements-

- Having a profile on online designers' communities like Dribbble, Behance etc.

- Basic idea of how Responsive Web Design works (Preferable Bootstrap 3).

- Having a good footprint online is an added benefit.
